Parental permissions

E:safety (staff and children)

There are procedures in place that govern the use of IT equipment on site. Where ipads or similar are used by staff to record children's learning and development or as a management tool, a risk assessment is completed and only equipment owned by the Community Kids is used. Visitors to the setting using IT equipment, such as Ofsted or Social Care, are advised of the procedure for its use and must seek prior permission from the setting manager.

In some instances children will use ICT equipment to promote their learning and development under the supervision of staff. Children do not normally have access to the internet and never have unsupervised access to the internet.

I give permission for my child to use ICT equipment for the purposes stated above. I understand that there are procedures and risk assessment in place to govern its use and that staff and visitors may also use ICT equipment to record and monitor children's learning and development.

Dear parents /Carers,

We are very excited to announce that as of April 25th 2022 we will be using Tapestry as our online learning journal provider.

Those parents who have experienced Tapestry at previous settings speak highly of it, so we do hope you will be as excited as we are.

Tapestry is a wonderful online learning journey which will be used to observe and assess your child throughout their early years (From beginning Pre-school until the end of their reception year). The beauty of Tapestry is that as parents you will be able to access your child's learning journal at any time and will be able to see all of the exciting and engaging activities they have been involved in. The fact that this is an online journal means that you will also be able to share your log in details with family so that they too can gain an insight into your child's experiences. As we try to become more paperless, Tapestry will replace the hard copy Learning Journey.

We would like to take this opportunity to reassure you that spending quality time alongside your child is our most important priority. As has previously been the case, a tablet will be used to capture a moment in your child's play via photograph or video. These will then be uploaded to Tapestry and edited with necessary observations and assessments. As I hope you are all aware, time spent with each and every child is of utmost importance to us at Community Kids and using Tapestry will ensure this, as it will take far less of our time doing admin.

Tapestry allows you to login with a secure username and password so you can view all your children's observations, photographs and videos. You can like and comment on observations that we add for your child and it's also possible for you to add your own observations. Your comments and own observations will allow us to find out about which activities your child really enjoyed and the learning they get up to at home. Parent partnerships are really valuable to us at Community Kids and this is one more way that you can add to your child's developmental journey.

It's also possible for you to be notified via email either immediately, daily or weekly if there are new entries for you to view. Staff will link observations to the EYFS framework so you will know which areas of learning your child is accessing.

All data that is entered to Tapestry is stored securely on their servers. If you are interested in finding out more information about this, you can go to <https://tapestry.info/security>.

Once we have set you up with an account you will be able to login using any web browser from tapestryjournal.com or by downloading the Tapestry app from the Play or App store, depending on what

type of device you are using. Remember, if you are going to use the App version of Tapestry to ensure auto updates are turned on for your device so you always have the most up to date version of the app.

We will set you up using your email address and once this has been done, you will receive an activation email from which you can set up your own password to login with. You will also be asked to set up a 4-digit PIN which you can use on the Tapestry app to quickly log in with after the initial log in. Do remember to keep an eye out on your spam/junk folders for this email.

In order for us to set up your child individual account it is essential that you complete the slip at the bottom of this page. We would appreciate it if you could then photograph this and email it back to Communitykids@live.co.uk at your earliest convenience. We are keen to begin observing your child using Tapestry as soon as they return from the Easter Break. In order to do this we will need to receive your return slips so that we can make necessary preparations over the Easter holidays and set up all the children's profiles.

We do hope you enjoy using Tapestry, as always please do not hesitate to contact us should you have any further questions.
